PatchAttributeType Enumeration

PatchAttribute values

Members

Member	Description
AllowIgnoreOnError	Set to indicate that the patch is non-vital.
Defined	Allowed bits.
Ignore	Prevents the updating of the file that is in fact changed in the upgraded image relative to the target images.
IncludeWholeFile	Set if the entire file should be installed rather than creating a binary patch.

WixToolset.Data.dll version 4.0.2+644ed0118bae1aa885bb6cc906dc6c0b904de4d9
