🏠   WiX managed SDK   WixToolset.Data.Symbols namespace   OptimizeCAFlags Enumeration

OptimizeCAFlags Enumeration

Values for the OptimizeCA MsiPatchMetdata property, which indicates whether custom actions can be skipped when applying the patch.

Members

Member	Description
None	No custom actions are skipped.
SkipAssignment	Skip property (type 51) and directory (type 35) assignment custom actions.
SkipDeferred	Skip custom actions that run within the script.
SkipImmediate	Skip immediate custom actions that are not property or directory assignment custom actions.

`WixToolset.Data.dll` version `4.0.2+644ed0118bae1aa885bb6cc906dc6c0b904de4d9`
